Dubai

The City That Never Stops

As a modern and dynamic city, Dubai is constantly growing upwards and outwards. Under the visionary leadership of His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the UAE and Ruler of Dubai, the ambitious growth plans outlined in the government's Vision 2021 have resulted in Dubai's extraordinary success in diversified development.

A safe haven location for private investors looking for both prime residential and commercial property, conveniently located at the gateway between East and West, political stability, business transparency and 0% taxation on capital appreciation, has made Dubai one of the world's most attractive destinations for investment.

The region's most important business hub and home to many of the world's most famous tourist attractions and international commercial exhibitions, as well as a number of new theme parks, the city's ongoing development is forecast to attract millions of visitors and generate tens of billions of Dirhams in revenue per annum.

0% taxation on capital appreciation has made Dubai one of the world's most attractive destinations for investment.
